1. All were welcomed and apologies were read.
2. The finances for the year were approved. Income has more than doubled over the previous year. Income will continue to be spent on projects that directly involve the impoverished South African township and rural communities. There was unanimous approval that 1000 EUR will be spent on the Peace One Day Music project "Battle of the bands".
3. The general report for the year is contained in a Powerpoint presentation available online. The projects that the Village Scribe Association is undertaking are conformant to the Village Scribe Association mission and should all be pursued further.
4. There were no general items.
